Abu Dhabi Has a Legal Access Crisis

89% of residents are expats — most cannot navigate UAE law alone.

LitigaForge AI — Built for Abu Dhabi

The only AI legal platform that understands UAE law, Arabic context, and the migrant experience.

● AI Legal Q&A

Ask any UAE legal question in English or Arabic. AI answers grounded in UAE Federal Law, Penal Code, Labour Law, tenancy regulations — instantly.

● UAE Lawyer Matching

Post your case. AI scores Abu Dhabi lawyers 0–100 by speciality, language, and case type. Match in minutes, not days.

● Document Analyzer

Upload a tenancy contract, employment offer letter, or MOA. AI flags risks, missing clauses, and highlights what migrants commonly miss.

● Labour Dispute AI

Specialised flow for UAE labour disputes: MOHRE complaints, gratuity calculation, visa cancellation rights, WPS salary protection.

● ADGM / DIFC Layer

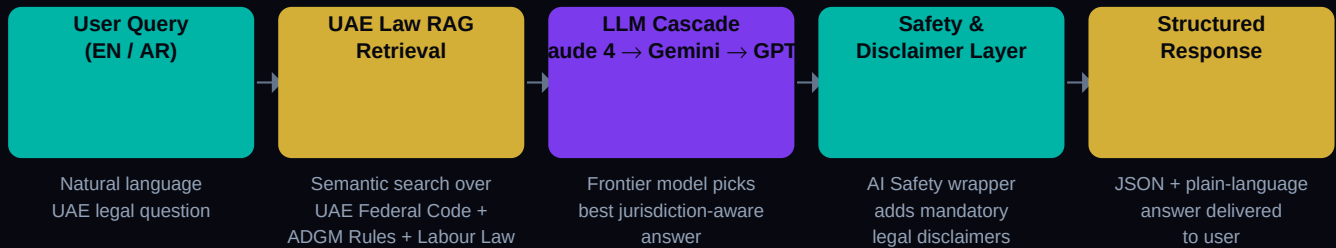

Dedicated AI for Abu Dhabi Global Market and DIFC common-law jurisdiction — used by fintech startups and international businesses.

● Free Legal Aid Finder

Eligibility wizard for ADGM Pro Bono Bureau, Abu Dhabi Judicial Dept aid, UNHCR legal assistance for asylum seekers and refugees.

How the AI Works — Under the Hood

A multi-model cascade with UAE-law RAG, not a generic chatbot.

WHY THIS AI IS DIFFERENT FROM GENERIC CHATGPT / CHATBOTS

● UAE Law Corpus

RAG over UAE Federal Decree Laws, Ministerial Decisions, ADGM Regulations, DIFC Laws, MOL circulars — updated quarterly. Not trained on general web data.

● Multi-LLM Cascade

Claude Sonnet 4 as primary for legal reasoning depth. Gemini 2.5 Flash for document vision (scanned contracts, Arabic PDFs). GPT-5 as final fallback. Each model is auto-selected by question type — never one-size-fits-all.

● Arabic-First NLP

Arabic query parsing, transliteration handling, mixed Arabic-English legal terminology (e.g. 'kafala', 'mawqif', 'mulkiya'). Responses in the user's chosen language. Q4 2025: full Arabic UI + Arabic LLM fine-tune.

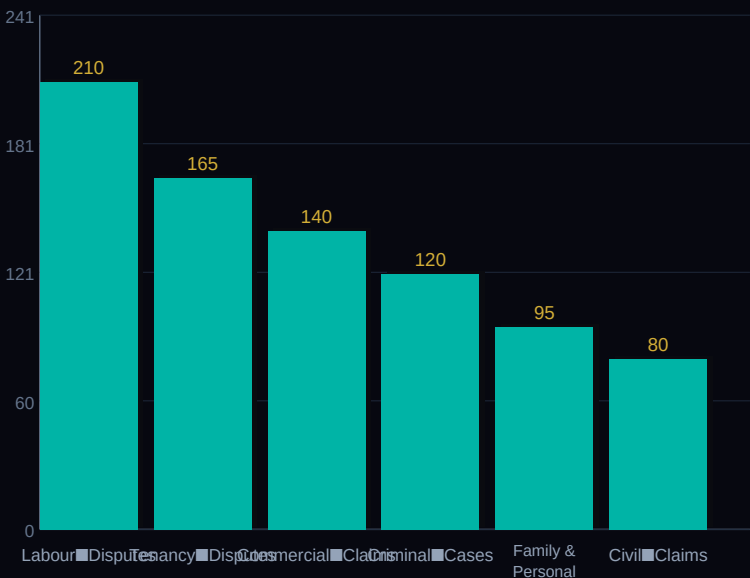

● AI Safety Layer

Every response wrapped with jurisdiction disclaimer, non-advice notice, and a referral to a licensed UAE lawyer. Compliant with UAE AI Ethics framework and ADGM AI governance guidelines.

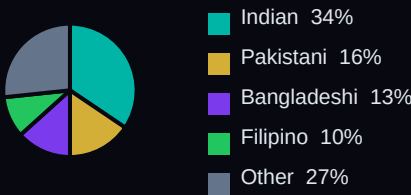

Massive Legal Market, ■ Almost Zero AI Penetration

UAE COURT CASES BY CATEGORY (2023, thousands)

ABU DHABI EXPATS BY ORIGIN

KEY INSIGHT

Labour disputes (210K/yr) and tenancy cases (165K/yr) are the top two categories — both disproportionately affecting South Asian migrants who are

Who Uses LitigaForge in Abu Dhabi

Real scenarios that 3.5M Abu Dhabi expats face every week.

R

Rajan, Indian Construction Worker

Salary unpaid for 3 months by employer.
Visa expires in 15 days.

- 1 Asks LitigaForge: 'Can my employer cancel my visa while my salary is unpaid?'
- 2 AI answers: UAE Labour Law Art. 61 protects against arbitrary termination.
- 3 AI guides him to file MOHRE complaint online — free, takes 5 mins.
- 4 Matched with Arabic-speaking labour lawyer, AED 0 for initial consult.
- 5 Result: Salary recovered, visa extended pending case — without paying AED 3,000/hr

P

Priya, Filipino Domestic Worker

Employer withheld passport, refusing to give NOC for new job.

- 1 Asks LitigaForge: 'Is it legal for my employer to hold my passport in UAE?'
- 2 AI: UAE Federal Law No.6/1973 — passport confiscation is illegal
- 3 Document: AI generates a formal letter demanding passport return
- 4 Legal Aid finder: ADGM Pro Bono Bureau + UNHCR Dubai referral
- 5 Kafala reform 2021 — AI explains her right to change jobs

A

Amira, Egyptian SME Owner

Commercial lease dispute with landlord, ADGM jurisdiction contract.

- 1 Uploads 40-page ADGM lease contract to Document Analyzer
- 2 AI flags: 3 clauses missing mandatory ADGM disclosure requirements
- 3 Identifies: penalty clause exceeds ADGM cap — potentially unenforceable
- 4 Matched with ADGM-licensed commercial lawyer within 2 hours
- 5 Saved AED 25,000 in avoidable penalties with early legal intervention

Freemium SaaS + Marketplace

Multiple monetisation streams — B2C subscriptions, B2B API, B2G contracts.

WHAT WE NEED FROM HUB71

- **Workspace & Incubation:** Abu Dhabi presence to build UAE lawyer network and meet government partners in person
- **Regulatory Sandbox:** ADGM / DIFC / Ministry of Justice introductions for legal AI regulatory pilot programme
- **Cloud Credits:** Microsoft Azure + AWS via Hub71 partnerships — target \$100K+ for AI infrastructure scaling
- **Investor Introductions:** Warm intros to Hub71 MENA VC network for \$500K seed and Series A pipeline
- **Government Connections:** UAE Ministry of Justice · TAWTEEN · Abu Dhabi Digital Authority — B2G partnerships
- **MENA Mentor Network:** UAE legal domain experts + Arabic NLP engineers + MENA legaltech/fintech operators

The Legal OS for MENA.

Built for Abu Dhabi.

3.5 million migrants deserve legal protection in a language they understand.

LitigaForge AI makes that possible — with frontier LLMs, UAE law, and Arabic.
